2008 / YES NO WAVE MUSIC

MIRROR LAND

I'm standing on the nowhere land  
Spell the words and hear the lies  
Catch the sun and kiss by the sea  
It's not too late, go go go sink the beast

Here I go again,  
Stand on the mirror land,  
See eyes on crystal ice,  
Listen up; you know it's my time

Hey man, you know the things are said  
Yes...I've been there to see you sad  
Don't play deaf like the Beethoven  
You know, the fuzz will come here often

Here I go again,  
Stand on the mirror land,  
See eyes on crystal ice,  
Listen up; you know it's my time ...

Melody...

Here I go again,  
Stand on the mirror land,  
See eyes on crystal ice,  
Listen up; you know it's my time  
Here I go again,  
Stand on the mirror land,  
See eyes on crystal ice,  
Listen up; you know it's my time...

LOCAL HEROES

You say things that I don't want to hear  
Then you go away from your pain and fear  
Now you don't realize things that you bring  
Leave me here and I kill your sweetest dream

Bring something so I don't die here  
Let the wind take you wandering  
Please sing another thing for me  
Don't hesitate to hide behind the trees

I'm standing right in front your door  
Open the doors so I can feel you close  
The secret place just for me and you both  
Take another hint; I'll set you free for gold

HYMN FOR A FRIEND IN THE SKY

Hey you there in the sky, will you follow me for a while  
I'll write your name on the stone where I stand; I hope this won't be the end  
I'm asking you to hear this song through me; it's not just about words and rhymes  
I don't know where you going but I hope you'll find a place, I hope you there and safe  
No more hollows in the hearts, no more cry and misery,  
We're just a bunch of strangers with nowhere to hide  
And maybe someday they will remember you and give you this song and sing  
...and sing  
Here a song for you when you are down, just tell me how does it feel  
Try to accept goodbyes and tears; heaven knows the time has come  
We're gonna miss you when you are gone, this is for you who wait and see  
It takes you ride to another side of universe, I hope you feel alright  
No more hollows in the hearts, no more cry and misery,  
We're just a bunch of strangers with nowhere to hide  
And maybe someday they will remember you and give you this song and sing  
...and sing (2X)  
You gotta see what's going on...

WHEN THE MORNING COMES

So we live in edge of world  
So we live in edge of sky  
So what you gonna say...

I keep my secrets here  
You keep your secrets there  
So what you gonna say...

And when the morning comes,  
You wake up with tears in your eyes  
Then you just sit on your bed  
Then what...

So this no perfect world  
So this no perfect words  
So what you gonna say...

You judge me for what I do  
Everyone do no good  
So what you gonna say

And when the morning comes,  
You wake up with tears in your eyes  
Then you just sit on your bed  
Then what...

You let me win for fool  
I don't mind you give me that look  
So what are you gonna say...

And when the morning comes,  
You wake up with tears in your eyes  
Then you just sit on your bed  
Then what...
